1 Tender Overview

1.1 About Oman Global Logistics Group

The Sultanate of Oman has commenced activities to consolidate its various government-owned companies into several holding companies grouped by type of business or industrial activity. Logistics has been identified as one of those key focus industries.

Oman Global Logistics Group (ASYAD) has been set up to consolidate the Government owned Logistics companies (except the air sector). ASYAD has a mandate to develop Oman's Logistics capabilities and to foster investment opportunities in the Logistics sector.

ASYAD subsidiaries – only those that ASYAD owns 50% + (“the Group”) involved in the Logistics sector including: 3 ports, 3 free zones, 1 economic development company, 2 shipping and 2 ship management companies, 1 dry dock company, the post office, the bus company, the railway and potential additions to the list.

Oman plans to establish itself as a premier global Logistics hub by taking advantage of its geographic location at the cross roads of trade midway between Asia and Europe, along with connections to East Africa, the Indian Subcontinent and Iran. By using overland highways and rail service Oman will become a natural gateway into the GCC Countries avoiding the politically sensitive Straits of Hormuz and reducing the distance ocean carriers must travel to reach Ports in the Arabian Gulf.

ASYAD has also been tasked with implementing the National Logistics Strategy (NLS), formerly known as Sultanate of Oman Logistics Strategy (SOLS).

The successful implementation of NLS will enable Logistics to become a major contributor to the Oman economy, facilitating economic diversification, creating significant new employment opportunities and delivering improved performance rankings in key world operating indices. Thus, the result of NLS will make Oman a major global Logistics hub, leveraging its geographical advantages along with its significant recent investment in its Logistics infrastructure.
